

## Two stroke oil, XP® Synthetic

Husqvarna's fully synthetic and biodegradable (64% acc OESD301B) XP Synthetic 2-stroke oil is developed for tough use with high loads and engine speed. The low smoke oil gives extremely good lubrication, a cleaner engine and less coating on the piston and in the crankcase compared to competing oils. Appropriate for all Husqvarna 2-stroke products, especially for engines with a cylinder volume over 55 cm<sup>3</sup>.

### Crown logo

The cap has the Husqvarna crown improve prevention against copy cats.

### Always the right dosage

The transportation pipe is located on the inside, prevents over dosage. The cup is located closer to the filling side, which gives improved pouring.

FEATURES

- Improved pouring and over dosage prevention
- Improved protection against copy cats
