

## Husqvarna Power 4T

Alkylate fuel is ideal for 4-stroke Husqvarna engines. Minimizes engine deposits, helping maintain performance, reduce the need for maintenance and prolong engine life. Alkylate petrol burns cleanly, minimising soot generated during combustion to lengthen engine life and reduce the need for servicing. Less harmful emissions reduce environmental damage and increase productivity by allowing a healthier working environment. Long storage time without dropping in quality, making your engine easy to start even after extended periods of non-use.
