

HUSQVARNA 215iL with battery and charger

Husqvarna 215iL battery grass trimmer kit is a premium-quality machine, ideal for quick and easy trimming of lawn edges and tall grass in larger gardens. The powerful brushless motor operates with low noise, vibrations, and no direct emissions. It's very comfortable to use and store thanks to the low weight, telescopic shaft, and adjustable handle. The updated user interface and trimmer head with rapid replacement, which you reload without dismounting, ensure smooth and reliable operation.

Efficient Brushless Motor

High torque-to-weight ratio for increased efficiency, reliability and longer lifetime

Automatic shutdown

The product is automatically shut down when left unattended which prolongs the life of the battery, and also lower the risk for injuries when left unattended.

Low carbon emissions

By choosing this product, you can feel confident that it produces lower carbon emissions during active use compared to a traditional petrol product. This battery-driven product does not emit any CO₂ during use while still providing the power and quality that you expect from a Husqvarna product. However, it's important to note that CO₂ emissions are generated during other stages of the product's lifecycle, such as production, charging and end-of-life disposal.

Interchangeable Battery System

Able to be used in all Husqvarna battery tools, our lithium-ion batteries are durable, easy to swap and recharge quickly
